

## Eye for an Eye Lyrics

Playing the helpless victim  
Is your favorite game  
But in these dark cold eyes  
I see you just the same  
Your cliché vendettas  
They make me sick  
Easy or moral  
It's your choice  
Take your pick  
You're so intrusive and vain  
Your dying poisoned brain  
It kills me just to say that  
You deserve the pain  
You're a harbinger of sorrow  
Dedicated to hold me down  
The hate I feel tomorrow  
Is nothing to what you've made me now  
You're so intrusive and vain  
Your dying poisoned brain  
It kills me just to say that  
You deserve the pain  
Realize it's not my fault  
And you're the one who played me like a  
fool  
You've built up icy walls  
Destroying everything close to you  
You're so intrusive and vain  
Your dying poisoned brain  
It kills me just to say that  
You deserve the pain  
You're so intrusive and vain  
Your dying poisoned brain  
It kills me just to say that  
You deserve the pain

## Solemn Farewell Lyrics

I've been staring at these pages for years  
In a cyclical state  
Replaying all my fears  
And to trust oneself can only end in demise  
Bare my teeth, show the facade, and all the  
lies  
I was never here to begin with  
Swallow my self-made myths  
It was always slaughtering my pride  
These are my last goodbyes  
I've been suffocating  
Tearing myself up  
Reached the point of no return  
I've had enough  
With these solemn words  
I leave it up to you  
To hold back is to deceive  
So tell the truth  
I was never here to begin with  
Swallow my self-made myths  
It was always slaughtering my pride  
These are my last goodbyes  
And I don't have a choice  
Something has to die to feel free  
Choking, lost my voice  
Who am I supposed to be  
I was never here to begin with  
Swallow my self-made myths  
It was always right by my side  
These are my last goodbyes

## Alternate Vision Lyrics

I hate the rain  
Washes away  
My melancholy disguise  
Time passes by  
I don't know why  
I let myself down with every breath  
Mandatory secrets kept  
My memories unfold  
Can't remember the last time I slept  
This feeling's growing old, so  
Just tear me away  
I'm not from here  
I disappear  
Oh god, is this even real  
Mandatory secrets kept  
My memories unfold  
Can't remember the last time I slept  
This feeling's growing old  
Just tear me away  
My eyes are heavy from the weight of  
My own growing lies  
My chest is weak  
Can't feel a thing  
I don't want to survive  
Just tear me away  
Just want to be who I truly am  
And seen without disguise  
Tired of being seen through the Devil's  
deceiving eyes  
Just tear me away

## Vacant Lyrics

Reached the end before the beginning  
In this empty space I'm swimming  
I'm going blind  
My mind is spinning  
I'm done with thoughts  
I'm tired of feeling  
Asphyxiating words I craft to wound  
Never quite reaching who  
I wanna be, this all is too soon  
Apologies, I know I erased you  
And I didn't mean to disappoint  
But it's all I'm good for at this point  
Hollow out my skin and bones  
I've wasted them  
I didn't mean to disappoint  
But it's all I'm good for at this point  
Hollow out my skin and bones  
I've wasted them  
I'll never grow  
It's over now  
I'm over now
