

Eclipse Lyrics

When it blinded me completely
I knew
I couldn't possibly come back
This plague it will consume me
I know
My virtues can't make up for what I lack
Oh no
My mind it constantly tortures me
It twists the knife and bleeds me dry
My soul is always misleading me
It's a pointless cry
It's forever haunting
It's true
I couldn't ever live it down
When many become one
It's done
I couldn't ever retake the crown
Oh no
My mind it constantly tortures me
It twists the knife and bleeds me dry
My soul is always misleading me
It's a pointless cry
My mind it constantly tortures me
It twists the knife and bleeds me dry
My soul is always misleading me
It's a pointless cry
It's a pointless cry

Blunt Force Lyrics

I don't think it's that complicated
The way you left me to burn
Alone with this internalized
I hoped that you'd return
Oh is this what you wanted
You took all that was left of me
And tore me into bits
No looking back
Sign of remorse
You never could commit
You took all that was left of me
And tore me into shreds
No looking back
Sign of remorse
You turned as I bled
I would lie awake at night
Dissecting your words
It took two years to realize
Your blessing was a curse
Oh friend you were a curse
You took all that was left of me
And tore me into bits
No looking back
Sign of remorse
You never could commit
You took all that was left of me
And tore me into shreds
No looking back
Sign of remorse
You turned as I bled
You turned as I bled
Turned as I bled
You turned as I bled
